**Quality Policy - Q50.P004**

**Appendix I**

Colep Consumer Products Quality Policy

Colep Consumer Products aims to be the Contract Manufacturer of choice within the world market of fast-moving consumer goods by providing effective solutions, across multiple technologies around the globe.

The Colep Consumer Products aims to provide its customers with agreed quality of products and services by outstanding passion & unrivalled service and best in class manufacturing & flexibility.

We are committed to:

- Promoting and embedding the concept of **"Safety First" and "Quality Always"** in everything we do;
- Identifying and meeting **customer requirements and expectations;**
- Identifying and striving to meet **product requirements;**
- Ensuring that **our facilities and equipment's** are designed and maintained to comply with product requirements;
- Continually **improving the effectiveness of the Quality Management System (QMS)** through the definition of strategic objectives and aligned with the company's policy and values;
- Implementing aligned Quality standards across Colep Consumer Products Plants;
- Ensuring the availability of **resources;**
- Providing all employees with **adequate training and skills;**
- Complying with **applicable statutory and regulatory requirements and good practices** or others applicable;
- Promote People's involvement at all levels, in order to enable their best abilities **to promote a continuous improvement mindset and positive quality culture** on their daily activities.

Quality is an integral part of the Mission, Vision and Values employed by Colep Consumer Products and as such each Filling Plant constantly reviews its quality performance and implements appropriate improvements.
